Seal Line.

The image displays an orthographic projection of a mechanical component, consisting of three views: a front view (top), a top view (bottom), and a side view (middle, partially obscured by a dashed line).

Front View (Top): Shows a rectangular base with a central circular feature. The base has a width of 100 and a height of 20. The central feature is a circle with a diameter of 50, centered 50 units from the left and right edges. The top view shows a rectangular block with a width of 50 and a height of 50, centered on the base. The top view also shows a central circular feature with a diameter of 50, centered 50 units from the left and right edges. The top view also shows a central circular feature with a diameter of 50, centered 50 units from the left and right edges.

Top View (Bottom): Shows a rectangular base with a width of 100 and a height of 20. The base has a width of 100 and a height of 20. The central feature is a circle with a diameter of 50, centered 50 units from the left and right edges. The top view shows a rectangular block with a width of 50 and a height of 50, centered on the base. The top view also shows a central circular feature with a diameter of 50, centered 50 units from the left and right edges. The top view also shows a central circular feature with a diameter of 50, centered 50 units from the left and right edges.

Side View (Middle): Shows a rectangular base with a width of 100 and a height of 20. The base has a width of 100 and a height of 20. The central feature is a circle with a diameter of 50, centered 50 units from the left and right edges. The top view shows a rectangular block with a width of 50 and a height of 50, centered on the base. The top view also shows a central circular feature with a diameter of 50, centered 50 units from the left and right edges. The top view also shows a central circular feature with a diameter of 50, centered 50 units from the left and right edges.

Score

1. Complete B view, visible lines only.(画出B向视图, 不必绘制虚线, 8 pts) .
2. Complete the partial view on left view(补全左视图中的局部剖, 6 pts) .
3. For 8xM6-7H, its location size is _____ (定位尺寸是哪个? 1 pt).
4. For M6-7H, this is a _____ (fine细牙/coarse粗牙) thread, major diameter(公称直径) is _____, tolerance symbol(公差带代号) is _____ (6 pt).
5. 零件名称是 _____, 绘图比例是 _____, 材料是 _____ (3 pt).
